

2020 ATA SAFE TRUCK FLEET AWARDS

2020 ATA Safe Truck Fleet – to be presented at the 2020 ATA Trap Shoot, October 23rd .

- **There will only be 1 safety winner and 1 most improved winner although 1 company could win both contests.**
- **There is a DOT preventable accident section and a OSHA workplace injury section.**
- **In the DOT section it does not matter whether your fleet/employees work mostly locally or travel to points around the state. Fill in the line haul or local with your 2019 numbers. If both sections pertain to your operation, then you can fill them both in. If you have a combination of local and line haul but keep track of all miles and accidents in 1 group, then choose either line haul or local and fill in the blanks.**
- **In the OSHA workplace section these numbers are taken off your yearend OSHA 300A log report.**

2020 ATA SAFETY CONTEST
DEADLINE: Friday, October 16th, 2020

DOT Reporting Requirements for The ATA Safety Contest:

1. All Preventable DOT recordable incidents shall be reported.
2. The "DOT" category includes accidents required to be reported under DOT recordable guidelines (49 CFR Part 390.5)
3. Frequency rates shall be rounded to the nearest hundredth (two decimal places) as determined by the formula below:

$$\text{Frequency} = \frac{\text{Total Fleet Vehicle Accidents} \times 1,000,000}{\text{Total Fleet Vehicle Miles Traveled}}$$
